Report on the working of the Amrit Mahal Department, during the year 1924-25, received with letter No. Per. 27—25-26, dated 13th November 1925, from the Director of Agriculture in Mysore.

ORDER No. I. C. 3839—A. M. 22-25-6, DATED 4TH DECEMBER 1925.

Recorded.

2. The number of cattle in the several herds of the Amrit Mahal cattle decreased during the year from 8,049 to 6,532. The number of births recorded during the year was 772 as against 1,124 during the previous year and 1,107 during 1922-23. The number of cows of calf-bearing age should have been furnished as well as the percentage of birth-rate calculated on that basis. Information under this head should be invariably included in the annual reports of the Department. There were 870 deaths reported during the year under review as against 1,248 deaths (revised figure) during the previous year and 549 during 1922-23. Out of the 870 deaths reported for the year 1924-25, 203 deaths were found to be false and not proved. There were outbreaks of rinderpest in six herds. Values were assessed during the year for 1924-25 cattle falsely reported to have died or to have been missing. The Director of Agriculture is requested to investigate into the causes of the fall in the birth-rate and the increase in the death-rate among Amrit Mahal cattle in recent years.

3. Seven hundred and forty-eight heads of cattle were sold for Rs. 48,433 against 679 for Rs. 41,150 during the previous year, the average price realised per head being Rs. 64-12-0 against Rs. 60-6-0 in the year 1923-24.

4. A small area of 50 acres from Nademavinapura in Kunigal Taluk was surrendered to the Revenue Department during the year.

5. There was a steady increase under all important heads of the revenue from the Department. Income from the sale of Amrit Mahal cattle increased from Rs. 41,150 to Rs. 48,433 and that from the disposal of grazing rights in the Kavals from Rs. 18,025 to Rs. 24,908 during the year.

6. The demand for the year amounted to Rs. 1,08,543. Arrears due to the Department amounting to Rs. 44,397 are pending recovery. Government have since issued revised rules for the collection of arrears due to the Department. Prompt and effective steps should be taken to recover the heavy arrears at an early date.

7. The question of reorganising the Department in order to improve its working and to enable the better exploitation of the Kavals as also the question of giving certain powers under the Forest Regulation to Amrit Mahal Officers in the Amrit Mahal Kavals is engaging the attention of Government.

8. It is satisfactory to notice that the net income from the Department has increased by 318 per cent during the last 4 years, that is, from Rs. 17,678 in 1920-21 to Rs. 56,305 in 1924-25.
